ARI'S ANGELS

KIDS CAN CHANGE THE WORLD.

WE BELIEVE KIDS ARE POWERFUL.

Ari's Angels started with a confident 6-year-old who believed she could make a difference. And then she did.

It made us wonder: What if every kid had the chance to believe in their own power and do something with it? What could they make possible?

We know we can't change the world alone. No one can. So we're asking kids what they believe is possible, giving them the support to make it happen, and seeing just how powerful they are.

We hope you'll join us.

CHANGE MADE BY KIDS, FOR KIDS.

Every Ari's Angels project helps kids, locally or around the world.

WHEN KIDS HELP OTHERS, EVERYONE GROWS.

FOR KIDS

DISCOVER WHAT YOU'RE CAPABLE OF.

Kids build confidence by doing. They speak up, ask for help, solve problems, work with others, and turn ideas into real results.

FOR ADULTS + KIDS

MAKE MEMORIES THAT MATTER.

Working together creates time to connect, talk, laugh, solve problems, and learn about each other. Kids get to experience what it feels like when an adult believes in their ideas and trusts them to contribute.

FOR OUR COMMUNITY

TURN CARING INTO ACTION.

When kids learn they can contribute, they begin to see themselves as people who can make their families, neighborhoods, schools, and communities better.

ONE KID CAN MAKE A DIFFERENCE.
A LOT OF POWERFUL KIDS CAN CHANGE A COMMUNITY.

WE MAKE IT EASY FOR GOOD PEOPLE TO DO MORE GOOD.

Ari's Angels connects kids and adults with the projects, tools, ideas, and resources to turn caring into action, while giving kids the freedom to make it their own.

EVERYONE WINS.

Kids discover their power.

Families grow closer.

Communities grow stronger.

More kids get the chance to thrive.
