ARI'S ANGELS

WHY JOIN ARI'S ANGELS?

WHEN KIDS HELP OTHERS, EVERYONE GROWS.

Ari's Angels believes that kids are powerful and can change the world.

But it doesn't just change the world... it changes those that are doing it too. There are many powerful things that happen when you're a part of Ari's Angels.

Ari's Angels gives kids a chance to discover what they're capable of while making a real difference in the world around them.

FOR KIDS

BUILD CONFIDENCE BY DOING.

Kids speak up, ask for help, solve problems, work with others, and turn ideas into real results.

FOR ADULTS + KIDS

MAKE MEMORIES THAT MATTER.

Working together creates time to connect, talk, laugh, solve problems, and learn about each other.

FOR OUR COMMUNITY

TURN CARING INTO ACTION.

Kids begin to see themselves as people who can make their families, schools, and communities better.

IMPACT

WE MAKE THE WORLD, OUR COMMUNITIES, OUR RELATIONSHIPS, AND OURSELVES BETTER.

KIDS ARE POWERFUL. KIDS CAN CHANGE THE WORLD.

www.arisangels.org

BUILD CONFIDENCE BY DOING.

Kids learn by trying things for themselves. They practice speaking up, asking for help, solving problems, working with others, and following an idea all the way through.

They discover something important:

I HAVE THE POWER TO MAKE THINGS HAPPEN.

KIDS BUILD:

CONFIDENCE: speaking up and asking for help

COMMUNICATION: explaining an idea clearly

COLLABORATION: working with an adult toward a goal

PROBLEM-SOLVING: figuring out how to make an idea happen

INITIATIVE: seeing something that matters and taking action

FOLLOW-THROUGH: turning an idea into a real result

MAKE MEMORIES THAT MATTER.

Working on a project together creates time to talk, laugh, solve problems, and learn about each other.

Instead of telling kids how to be confident, responsible, or compassionate, adults get to **help them experience it.**

And kids get to see an adult believe in their ideas and trust them to lead.

TOGETHER, YOU GET:

SHARED EXPERIENCES: doing something meaningful side by side

REAL CONVERSATIONS: talking about people, challenges, and possibilities

QUALITY TIME: connecting without another screen or schedule competing for attention

SHARED WINS: celebrating what you accomplished together

TRUST: giving kids room to lead while knowing you're there to support them

TURN CARING INTO ACTION.

Strong communities are built by people who notice a need and decide to do something about it.

When kids learn that they can contribute, they begin to see themselves as people who can make their families, neighborhoods, schools, and communities better.

KIDS HELP CREATE:

- **STRONGER COMMUNITIES:** people helping people
- **MORE CONNECTION:** kids engaging with their neighbors and community
- **MORE COMPASSION:** seeing people as individuals, not just problems
- **MORE POSSIBILITY:** discovering that small actions can create real change
- **A CULTURE OF CONTRIBUTION:** growing up knowing they have something to give

ONE KID CAN MAKE A DIFFERENCE.
A LOT OF POWERFUL KIDS CAN CHANGE A COMMUNITY.
